Enrolling with TAFE and participating in this fully accredited programme allows you flexibility to fit your study around work, family, sport, and community activities.

15. BEFORE STARTING YOUR FIRST ASSESSMENT

Read the Learner Guide first and then the assessment so that you understand what you have to do.

For each assessment you must complete the Pre-Assessment Statement to confirm that this is all your own work.

1. Complete your assessment, the front page and sign the front cover of the assessment or complete the declaration pages in the portal. This is declaring that all the evidence submitted is your own work and you have not plagiarised and material.
2. Attach all files to the email submission of your assessment and make sure you have included **Your Name_Tafe number Phone number and email address.**

16. SUBMITTING ASSESSMENTS

NOTE: You will have 10 weeks for each module

Firstly, make sure you have signed and completed the front page headed up “Trainee to complete after assessment”

All Assessments are typed and emailed to assessments@tafe.ac.nz. where they will be marked by TAFE College tutors. Once you have received your corrections from your 1st submission, please reply to the same email thread with your corrected assessment.

You must submit Assessments one at a time. Our aim is to mark your assessments within 5 working days and once marked you will receive your work back stating “Achieved” or an email identifying any corrections that you need to make. The marking sheet will include feedback that will guide you as to where you went wrong.

We mark your assessments online so please make any corrections to your original assessment and resubmit by replying to your tutor's email. All corrections must be completed within 10 days of being returned to you.

You have 3 attempts to complete the assessments successfully. Refer to our **Students at Risk** policy that outlines the process for students who fail to submit assessments on time or are in danger of not completing the programme on time. Effective and appropriate policies and procedures enable students to appeal assessment outcomes.

17. WORKPLACE DOCUMENTS

Any workplace documents that you submit as evidence must be clearly labelled with your name, the unit standard number and the task number that it relates to. You must make it clear on the document where each part of evidence is found so the assessor can go straight to the right part, without reading the whole document.

Confidential information should be blacked out' to protect the privacy and confidentiality of the people and organisations referred to in the documents.

18. PRACTICAL/Roleplay ELEMENTS

In Module 3 there are two telephone interviews and a Face-to-Face roleplay that must be completed in person or via Skype/ZOOM.

- Unit Standard 23140 has a phone call in which you present a property to a prospective customer.
- Unit Standard 26148 has a phone call where you must uncover the reasons and motivations for selling a property.
- Unit Standard 23137 has a roleplay where you complete the writing up of a Sale & Purchase Agreement. The 23137 videos in the portal shows you exactly what your final Assessment roleplay will be like. The 23137 Learner Guide and Marking Sheet can be used as a checklist for you to practise against, so you are familiar with the roleplay component beforehand.

These assessments draw on all the knowledge learnt throughout the programme and give you an opportunity to practice real estate work in a realistic environment.

Once you have completed the assessments and are ready for the role play you need to email assessments@tafe.ac.nz. to request a time. You will then be sent a Calendar invite. The Roleplay will only take place once all written work has been achieved.

19. ACHIEVING COMPETENCY

There are four main types of assessment used to assess competence of the unit standards within this qualification.

Questions - for you to demonstrate knowledge of the subject or process

Roleplays and Interviews – for the observer to watch or interact with you undertaking specific tasks to prove that you are competent in a particular activity.

Questions about the observation activities – to support the observation activities and to prove that you understand the processes or explain what you did and why you did it.

Workplace documents – These are documents that you have created or completed and must be attached to the assessment when required.

It is your responsibility to provide all the specified work-place documents or evidence you need.

The evidence that you collect must show that you have complied with:

- the policies, procedures and requirements of the organisations involved
- the standards of relevant professional bodies, and their code of ethics
- any relevant legislation or regulations.

Learner's learning outcomes are accurately, effectively, and fairly assessed against the performance criteria required. Assessments are marked Achieved or Not Achieved. Students need to resubmit assessments which are marked Not Achieved.

Remember when you gather any evidence make sure it is:

Valid – It must relate to the unit standard you are being tested for

Direct – It must be or must represent a real situation that you would come across in your day-to-day workplace

Authentic – It must be your own work

Sufficient – It must prove that you can perform the task at the stated level all the time

After the assessment has been marked

After your work has been assessed (marked), your assessor will inform you whether or not you have met the assessment criteria.

If the assessment criteria **have been met**, your assessor will inform you via email that you have "Achieved" competency for this Unit Standard.

If the assessments criteria **have not been met**, your assessor will inform you of where you need to provide further evidence in order meet the required standard.

Competency in a unit standard is achieved:

- When all the answers and observations in the assessment are completed
- When all the required workplace documents are provided
- When the work meets all of the required criteria.

20. STUDENT FEEDBACK/EVALUATION

Students are encouraged to give feedback throughout the programme, so issues can be immediately addressed. This two-way communication process supports a friendly open dialogue between students and Tutor.

During your programme you will receive a minimum of three questionnaires to complete and return to us.

- The month following your enrolment
- On completion of the Programme - "Programme Evaluation Form".
- Two months after completing the Programme.

Re-Assessment Policy

Students are required to meet all the performance criteria in order to achieve credit for each component or unit standard. Should a student not meet all the criteria, they shall be given opportunities to re-sit part or all of the assessment. The student need only re-sit the element or performance criteria not achieved.

You have 3 opportunities to achieve competency. Once the initial Assessment has been returned for rework then the next submission is considered the second submission. Before the third and final re-submission students should contact their Tutor for guidance and support to ensure you achieve competency.

At the discretion of the tutor, students may have the opportunity to do verbal corrections if only minor errors or omissions have been made. When appropriate and at the discretion of the tutor, students may be asked to provide supplemental verbal questions if written English proves to be a barrier.

Complaints can be made in person, by phone, email or in writing.

Steps:

1. It is easier for us to resolve complaints if you raise them as soon as you become aware of the issue, and directly to the person concerned. Please talk to your tutor or any other staff member about what you are complaining about so that we can try to resolve any issues on the spot.
2. We aim to resolve complaints quickly. This could mean an on-the-spot apology and explanation if something has clearly gone wrong, and immediate action to resolve the problem. Where possible, you should raise your concerns with the relevant staff member.
3. We will give you our decision within 5 working days unless there are exceptional circumstances. If you are not satisfied with our response at this stage, we will tell you what you can do next. If you choose to, you can take your complaint to next stage of the complaint procedure.
4. Your complaint will be forwarded to the Director for further investigation. A meeting with the Director and the other party in concern will be set up within the 14 days after receiving the original complaint for further discussion. At this point you will be asked to have an independent support person with you when you meet with the Director. If agreement is reached, you will be provided with the notes taken and you will be asked to sign the notes. A copy of the agreement will be given to you for your record. In even of not being able to resolve the problem you can then go to the next step of the process.
5. If your concerns are not resolved TAFE College NZ, you can contact NZQA. <http://www.nzqa.govt.nz/about-us/make-a-complaint>.
6. A copy of a file note describing the issue/concern and the outcome will be kept in student folder. The Manager must communicate to the Director the nature of all complaints and outcomes that are received in writing.
7. The Director will review all complaints to identify areas of improvement in annual programme reviews carried out by Management Team.

ASSESSMENT APPEALS

If you think your assessment is unfair, an appeal can be made to your tutor. He or she will check the marking to make sure it is correct and will advise you.

The procedure for appeals is laid down by **TAFE College NZ Ltd**.

- The first step is to try to come to an agreement with the assessor.
- If no mutual agreement is reached, you can make a formal appeal to TAFE College. Use the assessment appeals form on the TAFE College website. The appeal must be lodged within 14 days of receiving the assessment decision.
- TAFE College Director will complete the review of your appeal within three weeks of the date they receive it.

If satisfaction is not reached, the case shall be referred to the relevant Internal Moderator. Should a satisfactory resolution not be reached you will be referred to TAFE College or NZQA where they can make a formal complaint.

<http://www.nzqa.govt.nz/about-us/make-a-complaint>.

NZQA prefers complaints to be in writing and stated as specifically as possible – what the problem is and what they have already done to obtain resolution - and any copies of relevant documents provided. If students need advice about lodging complaints, they can check on the website_

Record of any appeal and outcome will be kept on file.

31 UNIT STANDARD ASSESSMENT EXPLANATION

Unit standards, differ to the more traditional way of tests and assessments, they focus on applying theory to the every-day working environment.

Unit standards are broken up into:

Outcomes – what you are required to do overall

Performance Criteria (PCs) – detail on what is expected as proof

Range statements – what you need to show or do, as well as examples that you can use as evidence

Explanatory notes – important information relating to the assessment that you and the assessor need to know, e.g.

Definitions, References, and special information relating to the unit standard

You may read the **Unit Standard purpose** at the beginning of each assessment. If you wish to get more information on what you are being assessed against, there are copies of unit standards available from the NZQA website <http://www.nzqa.govt.nz/>

The Tutor marks your answer against this performance criteria, which could be key words, important information referenced to Acts and Rules.

HOW TO ANSWER ASSESSMENT QUESTIONS

In your assessments, some questions have only one correct answer and this will be the same as in the Learner Guide.

Describe:	Explain, talk about it, define, give attributes, illustrate
Explain:	Describe, tell why, solve, give reasons, give details, talk about it, show in writing, interpret, justify, discuss
Analyse:	Evaluate, examine, take apart, break it down, look at closely, investigate

NOTE: You will see the blue squares in the assessment material, these will be relevant Sections (or parts of Sections) of Acts and The CODE of Conduct Rules.

32. ANSWERING QUESTIONS

Example 1

Q. How long is the cool off period for Real Estate Contracts?

A. 5pm next working day ✓

Some questions will ask you to ‘**describe**’, ‘**explain**’ and ‘**analyse**’. These words imply that your answer must be detailed.

What do they really mean?

When you are answering a question that contains the word, describe, explain, or analyse your answer needs to be detailed in order to show the assessor that you have understood the information. You must **write your answers in your own words** with examples wherever possible.

Example 2

Explain one element that makes a contract a valid contract.

Answer 1

Consideration

Answer 2

There must be a **consideration** (some value given or foregone), e.g., the price to be paid for the house—\$400,000. Exception is deed of gift. *(To be found on page 5 of the Trainee Guide)*

Answer 3

There are six elements that make a contract a valid contract. One of them is **Consideration**. Consideration is the promised value that must be paid when something is being purchased.

For example, A agrees to pay \$300,000 to B in return for B’s house.

Consideration could also be a promise not to act in a particular manner.

For example, M agrees to pay N, his neighbour a sum of \$500, not to paint his house any colour other than white.

Feedback:

Answer 1 is clearly inadequate.

It does not ‘explain’ the element. It therefore does not demonstrate your understanding of the topic.

Answer 2 is plagiarism.

It is a direct copy of the material in the Trainee Guide. This is not allowed.

Answer 3 is detailed. ✓

A clear understanding of the topic has been demonstrated.
